

## Galaxy Book4 360

Flex your creativity at work with a device that transforms to help you take on any task in your workday. The Galaxy Book4 360 can turn from a laptop to a tablet in seconds, thanks to its rotating hinge. This is a device purpose built for the hybrid worker, giving you the agility and responsiveness to adapt to changing situations.

### Transform your view of work

Immerse yourself in a stunning touchscreen that adapts to your work needs on the fly.

Whether you're reading reports or sketching out your big ideas, the Galaxy Book4 360's 15.6" hinged display is a marvel. Not only does it produce an amazing picture, you'll be able to transform it from laptop mode to tablet mode in an instant. You can go from tapping away on a report to pinching, zooming and swiping through imagery or video just like that.

### Simplify your workday

There's no task too big for your AI assistant and it's just one click away.

Get a helping hand for whatever you're working on. Want a few ideas for that image you're working on in tablet mode? Or a list of summarised insight for that report you're typing up? Just call up Microsoft Copilot your new AI assistant.

### The best of every world

Transform your device on the fly to keep up with your demanding schedule.

Take on every opportunity and come out on top, with a 2 in 1 device designed to work around you. Your Galaxy Book4 360 features a seamless, fluid 360 degree hinge, allowing you to use your device as either a laptop or a tablet.

### Power to match your creativity

Stay flexible by leaving the charger at home.

Power through your creative workflows, in tablet or laptop mode, without having to worry about charging. Thanks to its long lasting battery, you can work straight through office hours and beyond.
