

ALL TOGETHER

HOW YOUR TECH SETUP IMPACTS REMOTE WORK

With

84%

of current remote workers preferring to work from home,¹ remote work will remain as common as having a smartphone – so the technology in your remote workspace is an important success factor.

REMOTE WORK CAN INCREASE PRODUCTIVITY...

There's a reason 74% of organizations plan to permanently move employees to remote work.²

Work-from-home employees spend less time avoiding work.³

77%

of those who work remotely a few times per month are more productive.³

97% of remote workers want to stay remote.⁴

39%

of adults would consider quitting if their employer was inflexible about remote work.⁵

...BUT SUBPAR TECH CAN STOP YOUR MOMENTUM

Since going remote:

56%

of IT professionals are dealing with a high increase in video conferencing tickets.⁶

62%

of workers feel they've missed out on opportunities to collaborate.⁷

35%

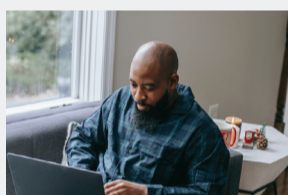

of workers report frustration, irritation and annoyance due to audio issues.⁸

THE RIGHT TECH CAN HELP YOU LEAP OVER ANY HURDLE

With 14%

of remote workers having more than 10 meetings a week,⁹ quality technology is essential for productive communication and remote collaboration.

High-quality video calls solve one of the most common work-from-home tech concerns.¹⁰

Users can gain 30

more productive minutes per week by having strong sound quality on calls.¹¹

Improved audio can boost the emotional well-being and engagement of the listener.¹²

POLY SOLUTIONS BOLSTER REMOTE WORK SETUPS

Be heard like you're in the room with USB and Bluetooth speakerphones.

Present your best self with video conferencing cameras that focus on you and portable webcams that connect to any device.

Talk and listen from anywhere with enterprise-grade headsets.

When remote employees are empowered with the right tools for a great virtual meeting experience, everyone wins.

How can IT teams outfit remote workers with everything they need to communicate and collaborate remotely?

Download our eBook, *The IT Pro's Guide to Attracting and Retaining Remote Workers*, for expert insight on equipping your employees for a work-from-anywhere world.
